No. 323.—

PLAGUE REGULATIONS IN FORCE OUTSIDE THE CITY OF MADRAS.

Whereas the Provincial Government are satisfied that certain parts of the Province of Madras are visited by, and other parts are threatened with, an outbreak of the dangerous disease known as plague;

And whereas the ordinary provisions of the law for the time being in force in the said Presidency are insufficient to prevent the outbreak of such disease or the spread thereof,

Now therefore in exercise of the powers conferred by section 2 of the Epidemic Diseases Act, 1897 (II of 1897), and in supersession of all regulations previously issued on the subject, the Provincial Government are hereby pleased to prescribe the following temporary regulations to be observed throughout the said Province except the City of Madras for a period of one year from the 15th day of July 1937.

1. In these regulations—

(1) 'Collector' means the Collector of the district

(2) 'infected area' means any place or area which is notified to be infected with plague under these regulations by the Provincial Government or, subject to their control by the Collector;

(3) 'local authority' means

(i) in the case of municipal areas

(a) the municipal health officer; where no such officer has been appointed or in his absence the local medical officer appointed by the Provincial Government, where neither of such officers has been appointed or in the absence of both or in the absence of the local medical officer, as the case may be, the municipal medical officer, and

(b) the executive authority of the municipal council,

(ii) in the case of non-municipal areas

(a) the local medical officer appointed by the Provincial Government; where no such officer has been appointed or in his absence the local medical officer appointed by the local board, and

(b) the village headman;

and includes in both cases, any other person appointed as local authority by the Collector;

(4) 'plague officer' means the District Health Officer, the Municipal Health Officer and the Inspecting Divisional Officer within their respective jurisdictions and includes in respect of any area any other person who may be appointed by the Provincial Government or by the Collector as plague officer for such area.

2. The Provincial Government may, by notification in the *Fort St. George Gazette*, declare any place or area in which one or more indigenous cases of plague have occurred or in which the existence of plague among rats or other susceptible animals has been proved to be infected with plague. In similar circumstances, the Collector may notify or taut on and by publication in the District Gazette that any place or area in his district is infected with plague and shall inform the Provincial Government forthwith of such notification and the Provincial Government may cancel or modify such notification.

3. The Collector may

(i) close any existing market, or order the suspension or postponement of any other large congregation of people—

(a) in any infected area or

(b) in any area in his district adjoining an infected area, whether such infected area be in that district, or in a neighbouring district, and

(ii) appoint special places where markets may be held and prescribe limits beyond which it shall not be lawful for persons bringing articles for sale from or into an infected area to pass.

4. In any infected area the Collector, or a plague officer with the previous sanction of the Collector, may order the evacuation of infected premises and of premises in the neighbourhood of such premises or generally of the infected area or any part thereof:

Provided that, before issuing or sanctioning an order for compulsory evacuation, the Collector shall

(a) satisfy himself that such evacuation is necessary to prevent or check the further spread of the disease or is in the interests of the affected population, having regard to climatic conditions,

(b) either provide within reasonable distance adequate and suitable shelter and the necessary water-supply for the persons evicted or satisfy himself that such shelter and water-supply will be provided by private agency, and

(c) make necessary arrangements for watch and ward.

The Collector may require all persons who evacuate their premises voluntarily, or against whom an order of compulsory evacuation is passed under this regulation, to reside in such place and for such period as he may appoint.

Nothing contained in this regulation shall be deemed to apply to persons who produce a certificate from a Registered Medical Practitioner or a qualified Sanitary Inspector authorized on this behalf either by a District Health Officer or by a Municipal Health Officer as the case may be to the effect that they have been successfully inoculated against plague within a period of six months immediately preceding the notification of a place or area as an infected area or who get themselves inoculated within 24 hours of the publication of such notification and produce a certificate to that effect from a Registered Medical Practitioner or a qualified Sanitary Inspector authorized in this behalf either by a District Health Officer or by a Municipal Health Officer as the case may be.

8. In any infected area the Collector may enter upon, occupy and use, or may depute any person to enter upon, occupy and use, without having recourse to the provisions of the Land Acquisition Act, 1894, any building or place which is required for, and is, in the opinion of the Municipal Health Officer in the case of municipalities where there is a Health Officer and in all other cases of the District Health Officer, or if there is no District Health Officer, of the District Medical Officer, suitable for any purpose connected with plague measures provided that, if the building or place is occupied by any person notice in writing shall be given to such person or he conspicuously affixed on such building or place not less than 24 hours before it is entered upon, occupied or used under this regulation. The terms of hire of such building or place shall be settled in a reasonable rent, to be fixed by the Collector, for the period during which the building or place is occupied or used and the Collector shall, when any building ceases to be so occupied or used, cause it to be thoroughly cleansed and disinfected and, if he owner or lessee so desires, whitewashed inside and outside.

6 If the Collector or a plague officer is of opinion that the destruction of any hut or shed is necessary to prevent the spread of plague, he may take summary measures for the destruction of such hut or shed and of the materials of which it is constructed.

7. The Collector or any person authorised by him in this behalf may direct that any building or place shall be inspected and that all rats and other susceptible animals found therein shall be destroyed; and to facilitate such destruction, he may order the temporary removal of any article from such building or place.

8 The Collector may direct that at any place in his district any consignment of grain or other produce or merchandise or personal effects being conveyed by rail, road or otherwise shall be examined, and shall, if necessary, be unloaded and fumigated or exposed to the sun in such manner and for such period as he may fix.

9 Every owner or occupier of any building and every medical practitioner shall at once report to the nearest local authority any case of plague or any case of fever with glandular swellings or any unusual mortality among rats or squirrels, which may come to his notice.

10. (1) The executive authority of the municipal council in the case of a municipal area, the president of the panchayat in the case of a panchayat area, the headman of the village in other cases and in all cases any person authorised by the Collector in this behalf may prevent any article suspected of coming from an infected area from being brought or taken into the local area concerned until such articles have been exposed to the direct rays of the sun for not less than three hours or have been disinfected to his satisfaction. Similar powers may be exercised by such executive authority, president, headman or authorised person regarding the exposure to the sun or the disinfection of any articles taken out of any infected area within their respective jurisdictions.

(2) No person shall take out from a plague infected area any commodity which is likely to carry plague infection unless it has been disinfected, by a person authorised in that behalf by the Collector.

11. (1) Any local authority or a plague officer or any officer of the Public Health Department not below the rank of a Health Inspector or a Sanitary Inspector may at any time by day or by night, after giving such notice as may appear to him reasonable, inspect any premises in which plague is reported or suspected to exist.

(2) If such authority or officer is of opinion that the cleansing or disinfecting of any premises or part thereof or of any article therein, which is likely to retain infection will tend to prevent or check the spread of such infection, he may cleanse or disinfect such premises or part or article and may by notice require the occupier of such premises or part to vacate the same for such time as may be specified in such notice.

(3) The cost of cleansing or disinfecting any premises or part thereof or any article therein under clause (2) shall be met entirely by the Provincial Government.

(4) Such authority or officer may direct the destruction of bedding, clothing or other articles likely to retain infection.

12. (1) In the absence of a written contract to the contrary, every inspector, mistri, peon, watchman, labourer, scavenger, or manual servant employed in the duty in connection with plague shall be entitled to one month's notice before discharge, or to one month's wages in lieu thereof unless he is discharged for misconduct or was engaged for a specified term and is discharged at the end of such term.

(2) No such inspector, mistri, peon, watchman, labourer, scavenger, or manual servant shall in the absence of a written contract authorising him to do so, or without reasonable cause, forsake his employment or absent himself from his duties or neglect or refuse to perform any of his duties with out giving a month's notice.

(3) The Collector may from time to time appoint persons as suppliers of labourers or other manual servants subject to such conditions as he deems fit and every such supplier shall be bound faithfully to carry out the duties assigned to him by the Collector and to observe the conditions under which he was appointed.

13. When in consequence of the exercise of the powers conferred by or under these regulations any property is damaged or destroyed, the Collector shall pay to the owner by way of compensation such sum as he may consider sufficient to cover the cost of repairing the damage or replacing the property destroyed. The Collector's decision fixing the amount of compensation to be paid shall be final. No compensation shall however be payable to cover the cost of replacing the articles destroyed under clause (4) of regulation 11.

NOTE.—(1) The Plague Regulations being orders legally made and issued by Government under the Epidemic Diseases Act, no sanction is required as a condition precedent to prosecution for disobeying them (Judgment of the High Court in Criminal Appeal No. 161 of 1898).

(2) By Government order No. 197, dated 19th September 1936, all ranks in the Malras Command have been directed to obey the Plague Regulations and any infringement of them is punishable as a military offence. Military gentlemen have been warned (Superintendent's Circular No. 11, dated 30th December 1936) that any disobedience or wilful neglect of the regulations or obstruction offered to any official on plague duty will be treated as a breach of the good conduct required by Government as a condition of the continuance of their pensions, and that any pensions being guilty thereof will be liable to have the pension stopped forthwith and the same reduced or permanently withdrawn.

No. 324.—

The following draft of revised rules relating to the registration of vital statistics in local areas which it is proposed to make in exercise of the powers conferred by section 20 of the Madras Registration of Births and Deaths Act, 1899 (Madras Act III of 1899), in supersession of the rules, published with Local Self-Government Department Notification No. 1018, dated the 10th May 1929, at pages 317 to 381 of Part I A of the *Fort St. George Gazette*, dated the 2nd July 1929, is hereby published as required by that section for general information. Notice is hereby given that the draft will be further proceeded with after six weeks from the date of publication of this notification and that any objections or suggestions which may be received with respect thereto before the expiry of the period aforesaid will be considered by His Excellency the Governor.

DRAFT REVISED RULES

The registers of births and deaths to be kept by the Registrar under sub-section (2) of section 5 of the Madras Registration of Births and Deaths Act, 1899 (hereinafter referred to as the Act), shall be in annexed Forms Nos. 1 and 2, respectively. In both the registers the serial number of the event shall be entered in column (1) commencing from 1st January and the series shall be continued up to 31st December. No entries shall be interpolated between two serial numbers. In making the entries in column 7 of Form No. 1 or in column 11 of Form No. 2 it should be stated whether the child born or the person deceased, as the case may be, is or was a Hindu and if so of which caste and sub-caste or a Muhammadan or an Indian Christian or of any other religion or an Anglo-Indian or a European British subject or a foreigner, and if so, of what nationality. In the case of European British subjects and foreigners, an additional register of births in Form No. 1 A and an additional register of deaths in Form No 2-A annexed to these rules shall be maintained in

counterfoil. The entries in these two registers shall, except as otherwise provided, be made in English and in the vernacular of the district. In case the Reg strar is ignorant in English, and the information of the vernacular, the Registrar shall take steps to get a vernacular translation of the information and enter the particulars in vernacular from that there. If he cannot get such a translation the vernacular as well as the English entries shall be made by the Revenue Inspector on his next succeeding visit to the village.

2. The Registrar shall submit abstracts of the register (Form No. 3) monthly to the Tahsildar.

3. Where for any village there is a panchayat constituted or deemed to have been constituted under the Madras Local Boards Act, 1920, the Registrar shall when submitting abstracts to the Tahsildar (under the last preceding rule) forward a copy of the same to the president of the panchayat and shall afford the panchayat facilities to enable it to take extracts from the registers for the purpose of checking the abstracts. The president of the panchayat shall place the monthly abstract of births and deaths sent by the Registrar, before the panchayat at its next meeting. The panchayat shall pass on the abstract to the Tahsildar, through the Registrar with a certificate stating that the abstracts are correct or if incorrect, what alterations are necessary.

4. Information regarding births or deaths may be given to the Registrar in writing either by a letter containing all the necessary particulars or in the Forms annexed Nos. 4-A and 5-A, in the case of European British subjects and foreigners and Nos. 4 and 5 in the case of others. These Forms shall be supplied by the Registrar free of all charge to all residents within the village or ward for which he has been appointed. Oral information of births and deaths may also be given, but in the case of European British subjects and foreigners information in writing in English and in the vernacular of the district shall, if possible, be obtained from the informant when the Registrar does not know English. The extract to be given by the Registrar under section 14 of the Act shall be in annexed Form No. 6. All information received by the Registrar by letter or in Form No. 4 or Form No. 5 shall be filed by him and preserved for two years. But any information received by letter or in Form No. 4-A or Form No. 5-A in the case of European British subjects and foreigners, shall, after the entries relating to the information have been entered in the register in Form No. 1-A or Form No. 2-A in English or in the vernacular of the district, be forwarded with the counterfoils of the register without delay to the office of the Registrar-General of Births, Deaths and Marriages through the District Magistrate. If the letter or Form No. 4-A or Form No. 5-A be in English and the Registrar does not know English, the duty of despatching the records to the Registrar-General shall be performed by the Revenue Inspector on his first visit to the village.

5. The registers and files of letters and Forms and the accounts relating to fees received under section 17, and the other records to be maintained by the Registrar under the orders of the District Collector shall be open to the inspection of any Revenue Officer of or above the rank of Revenue Inspector, and it shall be the duty of such officer to examine and check the registers and records in such manner and at such intervals as may be prescribed by the District Collector. The registers shall be open to the inspection of all officers of the Public Health and Medical departments:

Provided that in case the Sub-Registrar of Assurances is the Registrar, the checking officer shall not be lower in rank than a District Health Officer or an Assistant Surgeon or a Tahsildar or Deputy Tahsildar in independent charge.

6. The Registrar shall notify in some conspicuous place on or near the outer door of his office or (if he has no office) at his house, the hours during which he shall attend to the registration of births and deaths. Such hours shall be two or three hours in the day (excluding Sundays and authorised holidays) as may be determined for each Registrar by the District Collector. If the Registrar is absent for any cause during these hours, he shall post a police on or near the outer door of his office or house stating when he will be able to perform his duty as Registrar and the name of the person to whom, during his absence, letters or written intimations in Forms Nos. 4, 5, 4-A and 5-A may be delivered by intimants. This rule does not apply to the village headman appointed as Registrar who shall register births and deaths as information reaches them irrespective of the hour or day (excepting Sundays or authorised holidays).

7. In case the Registrar is unable for more than two days to attend to his duties on account of illness or other urgent cause, he shall report the fact to the nearest Revenue Officer of or above the rank of Deputy Tahsildar and that officer shall at once make temporary arrangements for the performance of the duties of the Registrar, and any person thus temporarily appointed shall have all the powers and perform all the duties of a Registrar appointed under section 5 of the Act.

8. In cases in which the Sub-Registrar of Assurances is himself the Registrar, he shall retain the registers in Forms Nos. 1, 2, 1-A and 2-A in his office and shall give and certify extracts therefrom under section 17 of the Act. In cases in which the Registrar is not a Sub-Registrar of Assurances, he shall retain the registers in his custody for a period of twelve months after the close of the calendar year to which they relate. On the expiry of that period, the Tahsildar or the Deputy Tahsildar within whose jurisdiction the village is situated, shall call for the registers. He shall then check them and transmit them within three months to the Sub-Registrar of Assurances in whose division the village is situated. The Sub-Registrar shall file the registers in his office and shall give and certify extracts therefrom under section 17 of the Act. A Registrar who is not a Sub-Registrar of Assurances is not competent to give or certify extracts from the registers under the provisions of section 17 of the Act. The Tahsildar or the Deputy Tahsildar as the case may be shall give and certify such extracts until the registers are transferred to the Sub-Registrar of Assurances.

9. (1) Any clerical error in the registers of births or of deaths or any error in the cause of death in the registers of deaths found by the Registrar or the checking officer shall be corrected by him forthwith:

Provided that no entry shall be corrected under this sub-rule more than a year after it is made except with the previous sanction of the Collector of the district.

(2) Any other error in the said registers shall be corrected under the orders of a Magistrate (not below the rank of Magistrate of the second class) having jurisdiction over the local area. An order under this sub-rule shall not be made unless the Magistrate is satisfied, on obtaining a report from the headman or the president of the local board concerned or after making such enquiry as he may consider necessary, that the original entry is inaccurate.

(3) (a) All corrections under sub-rules (1) and (2) shall be made by drawing a line through the original entry (but not so as to render it illegible) and writing the new entry above it.

(b) Corrections made under sub-rule (1) shall be initialled and dated by the Registrar if the error is discovered by him and by both the checking officer and the Registrar if the error is discovered by the checking officer.

(c) Corrections ordered by a Magistrate under sub-rule (2) shall be initialled and dated by both the checking officer and the Registrar.

(d) If any correction made under this rule relates to a register maintained in Form 1-A or Form 2-A a correction slip thereto shall be filled in by the Registrar and forwarded to the Registrar-General of Births and Deaths through the District Magistrate.

10. (1) Where any case of omission to register a birth or death is discovered by, or brought to the notice of, the Registrar or the checking officer, he shall after ascertaining on such enquiry as he may deem fit, the date and other particulars of the birth or death, as the case may be, cause the same to be registered:

Provided that no registration under this sub-rule shall be made after the expiry of one year after the birth or death.

(2) A birth or death not registered within one year after the event shall be registered under the orders of a Magistrate (not below the rank of a Magistrate of the second class) having jurisdiction over the local area. No order under this sub-rule

shall be made unless the Magistrate is satisfied on obtaining a report from the village headman or president of the panchayat concerned or after making such enquiries as he may consider necessary that the birth or death took place on the date alleged and has not been registered.

(3) Every entry made in the register under sub-rule (1) or sub-rule (2) shall be initialled and dated by both the checking officer and the Registrar.

31. The Registrar shall arrange for the vital statistics returns for every month relating to the railway premises, if any, situated within the village limits being sent to him by the station master concerned, on the first day of the succeeding month. The Registrar shall include such returns in the monthly abstracts for the village to be submitted to the Tahsildar.

32. In the case of a child which is born dead and also in the case of a child which dies before its birth has been registered, the Registrar shall enter the birth in the register of births and the death in the register of deaths. In the case of children born dead, the entries shall not be given serial numbers and shall be made in red ink. They shall also be excluded from the totals of births as well as of deaths in the compilation of the monthly abstracts.

33. It shall be the duty of all village officers and village servants working in any village or ward to which the Act may be extended to assist the Registrar in obtaining information for the registration under section 35 of the Act of all births and deaths which have not been already registered. They shall also warn persons who are bound to give information regarding such births or deaths, of their liability to punishment under section 39 of the Act for failure to give information in due time.

34. When the Registrar receives information of any births or deaths which should be registered by him but have not been reported to him or have not been reported to him in due time, he shall on the 15th and on the last day of each month prepare a list of such cases in Form No. 7 and submit it to the Tahsildar for his orders for those of the Divisional Officer of the District Collector as directed as to whether the persons who have failed to give information as required by the Act should be prosecuted under clause (1) of section 28 of the Act. The Registrar shall, if possible, obtain and enter in the list, the explanation of the alleged defaulter and the remarks of the village headman which should be signed by him, and the Registrar shall add his own remarks and sign and date the list. If the village headman is himself the Registrar, he should enter his remarks only in the column for remarks of the Registrar. Particulars of any offences which may be committed under clauses (2) and (3) of section 28 of the Act should be submitted to the Tahsildar by the Registrar in the form of a report. The same procedure shall be adopted in respect of mistakes (other than clerical mistakes) detected in the entries in the birth and death register relating to the name or age or other particulars of any boy or dead.

35. Fees for searches and fees for applications for extracts under section 17 of the Act shall be paid in court-fee stamps.

All entries shall be made consecutively from the beginning to the end of the registers.

ANDHRA UNIVERSITY.

NOTIFICATION.

INSTRUCTIONS TO CANDIDATES APPEARING FOR THE EXAMINATIONS TO BE HELD IN 1937.

Candidates for University Examinations are required to observe the following instructions very carefully:—

1. Silence should be maintained in the examination room.

2. Candidates should take their places in the examination hall at least five minutes before the time fixed for distributing the papers. Candidates presenting themselves more than half an hour after the appointed time will not be admitted to the examination hall. Candidates who are undoubtedly suffering from infectious diseases of any kind will not be admitted.

Candidates should bring with them to the examination hall on the day of the examination their hall tickets for inspection by the Chief Superintendent.

3. Candidates are prohibited from writing upon their hall tickets or question papers. Candidates are also prohibited from writing their names on any part of their answer books, but their register numbers should be written very distinctly on the outer cover of each answer book. Failure to write their register numbers may involve the rejection of answer papers.

4. Candidates are not allowed to exceed the time assigned to a paper.

5. No candidate will be allowed to leave the examination room till the expiry of at least half an hour after a question paper has been given out; and no candidate who leaves the room during the period allotted for a paper will be allowed to return within that period.

6. *Candidates are forbidden to ask questions of any kind during the examination. They are further forbidden to communicate with the examiners, should they do so their answers will not be valued and their conduct will be reported to the Syndicate for disciplinary action.*

7. Candidates are not allowed the use of books of any kind (except as provided in rule 8). They are also prohibited from introducing into the examination room any book or portion of a book, slate, blotting pad, cardboard, manuscript, or paper of any description and from making use of any of these whether introduced into the room by themselves or by any one else, from communicating with or copying from each other; and from communicating with any person outside the examination room. Any candidate detected in the violation of these rules will be summarily sent out of the room forthwith, and his conduct will be reported to the Registrar. Such a candidate stands the risk of having all his answer papers for the examination for which he has appeared rejected by the Syndicate and of being debarred from sitting for the University examinations for such period as the Syndicate may decide.

The use of slates at University examinations is not permitted except to students answering papers in Mathematics. The use of mathematical instruments whilst answering papers in Mathematics and in the Physical Sciences will be allowed. Such instruments will not be supplied by the University.

8. Clarke's Mathematical and Physical Tables will be supplied to candidates in Mathematics, Physics, Chemistry, Chemical Technology and Geography of the Intermediate, B.A., B.Sc., B.A. (Honours), B.Sc. (Honours) and Pre-Registration examinations only. *Candidates should not bring into the examination hall their own copies.*

9. Candidates for examination in Science subjects shall not send their laboratory note-books to the Examiners concerned on the first day of the practical examination. Each of the candidates taking Botany as the main subject for B.Sc. Degree Examination must submit at the practical examination his laboratory note book, a collection of the named plants collected and preserved by himself and a record of the field work. *The candidates should get back the laboratory note books at the close of the examination.*

10. Candidates are required to provide themselves with their own pens. Candidates may bring into the examination hall their own ink bottles. They must, however, use only black ink while answering their question papers.

11. Particular attention is requested to the instructions regarding rough working on loose sheets of paper printed on the answer books. All rough working must be shown on the left hand page of the paper books themselves. No separate books for rough working will be supplied to candidates. Papers must not be detached from the answer books of candidates. If the ordinary answer books are found inadequate, additional books will be allowed and these should be securely fastened to the answer books.

12. When candidates have finished writing their answers, and wish to give up their answer books, or at the end of the period prescribed for each particular part of the examination, each should stand up in his place and remain standing until one of the superintendents has gone up to him and has received his answer book from him.

13. Candidates sitting for the examinations at the different centres should apply to the Chief Superintendent of the respective centres for their hall tickets three days before the commencement of the respective examinations. *Any particulars noted on the hall ticket differing from those given in the application for the examination should be immediately reported to the Chief Superintendent by the concerned candidate.*

14. *No college student will be allowed to select a centre for his examination other than that in which the college he studies is situated, except for satisfactory reasons and on the recommendation of the Principal of his college.*

15. *A candidate who underwent his course of study in an affiliated college but appears for the examination a second or a subsequent time, having failed previously, should ordinarily select the same centre in which the college he studied is situated.*

16. *Candidates appearing at centres where they are not known must be prepared to satisfy the Chief Superintendents of such centres as to their identity. They shall also be required to place their signatures upon the identification certificates produced by them before the Chief Superintendents of the respective centres. The officer from whom the identification certificate to produce shall however be the Principal of a college or a Government officer of such not less than that of a Sub-Magistrate.*

8 The following rules shall regulate the procedure to be adopted for revoking or cancelling the registration of those who abuse the privilege of registration,—

Rules governing enquiries by the Central Board of Indian Medicine, Madras, or a Committee thereof.

(i) The Board may refuse to permit the registration of any person who has been convicted of any such offence as implies, in the opinion of the Board, a defect of character, or who, after an enquiry at which an opportunity has been given to the candidate to be heard in person or by pleader, has been guilty of professional misconduct.

(ii) The Board may, if it sees fit, and after giving due notice to the person concerned and inquiring into his objections, if any, order that any entry in the register which shall be proved to the satisfaction of the Board to have been fraudulently or incorrectly made or brought about be cancelled or amended.

(iii) The Board may, after holding an enquiry at which an opportunity has been given to the person concerned to be heard in person or by pleader, direct the removal altogether or for a special period, from the register of the name of any registered practitioner, for the same reasons for which registration may be refused by the Board under rule (i) above. The Board may also direct that any name so removed shall be restored.

(iv) An enquiry under the above rules may be held by a Committee consisting of five members of the Board elected for the purpose by the Board. The Board or the Committee, as the case may be, may, at its discretion, hold such an enquiry in camera. The decision of the Committee shall be deemed to be the decision of the Board.

(v) An appeal shall lie to the Local Government against every decision of the Board under rules (i) to (iv) above. Such appeal shall be preferred within three months from the date of the Board's decision. The Local Government may suo motu revise any order passed by the Board or the Committee as the case may be under rules (i) to (iv) above.

(vi) Whenever information is received that a medical practitioner who is an applicant for registration, or whose name has already been registered has been guilty of conduct which *prima facie* constitutes professional misconduct the Secretary shall make an abstract of such information.

(vii) Where the information in question is in the nature of a complaint by a person or body charging a medical practitioner with professional misconduct, such complaint shall be made in writing addressed to the Secretary, and shall state the grounds of complaint and shall be accompanied by one or more declarations as to the facts of the case.

(viii) Every declaration must state the description and true place of abode of the declarant, and where the facts stated in a declaration are not within the personal knowledge of the declarant, the source of the information and grounds for the belief of the declarant in its truth must be separately and fully stated.

(ix) (a) The abstract and, where a complaint has been lodged, the complaint, and all other documents bearing on the case, shall be submitted by the Secretary to the President, who may, if he thinks fit, instruct the Secretary to furnish the medical practitioner concerned with a copy of the complaint and other documents and invite him by means of a registered letter to submit any explanation he may have to offer. The documents, including any explanation submitted by the practitioner to the Secretary, shall then be placed before the Board.

The Board may then—

(1) order that all further proceedings be stopped, or

(2) appoint a Committee to consider the matter and submit a report to the Board as to whether proceedings should be instituted under rules (i) to (ii) above, or

(3) direct that a regular inquiry be held by the Board or a Committee thereof appointed under rule (iv) above.

A Committee appointed to make a preliminary inquiry shall have power to cause further investigation to be made and further evidence to be taken and to take any legal advice or procure any legal assistance it may think necessary. The Committee shall report to the Board.

(b) If the Board consider that the case is one in which an inquiry under rule (i) or rule (ii) or rule (iii) above ought to be held, the President shall direct the Secretary to take steps for the institution of any inquiry and for having the case heard and determined by the Board.

(x) The Board or Committee thereof appointed under rule (iv) above shall observe in inquiries held by them the procedure laid down in the following rules.

(xi) When the charge is brought by a complainant they shall require the complaint to be reduced to writing and accepted by the complainant. The articles of charge and a list of documents and witnesses by which each charge is to be sustained shall then be prepared and the Secretary shall issue a notice in writing on behalf of the Board addressed to the medical practitioner concerned. Such notice shall be accompanied by a copy of the articles of charge and list of witnesses and documents referred to above and shall inform the medical practitioner concerned, of the day on which and hour at which the Board or Committee intend to deal with the case and shall call upon him to attend before the Board or Committee on that day and hour. The notice shall be in the form appended to these rules, with such variations as circumstances may require. It shall be served on the medical practitioner fifteen clear days before the beginning of the inquiry and shall be accompanied by a copy of rules (i), (ii) and (iv) above and of the rules to regulate the procedure for conducting any inquiry referred to in those rules. Service of the notice may be made either by delivery to the medical practitioner in person or by registered letter addressed to his usual residence.

(xii) In every case in which the Board resolve that an inquiry shall be instituted and notice of inquiry is issued accordingly, the complainant (if any) and the medical practitioner concerned shall, upon request in writing signed by the party or his pleader, be entitled to be supplied by the Secretary with a copy of any declaration, explanation, answer or other document given or sent to the Board by or on behalf of the other party, which such other party will be entitled on proper proof to use at the hearing as evidence in support of, or in answer to, the charge specified in the notice of inquiry.

(xiii) Any answer, evidence, or statement forwarded, or application made by the medical practitioner between the date of the issue of the notice and the day named for the hearing of the charge, shall be dealt with by the President in such manner as he shall think fit.

(xiv) Copies of all material documents which are laid before the Board or Committee as evidence in regard to the case shall be made and furnished to each member of the Board or Committee at the case may be before the hearing of the case

(xv) At the hearing of the case by the Board or Committee, the complainant and also the medical practitioner concerned may, if they so desire, be represented or assisted by pleaders

(xvi) When the complainant appears personally or by pleader, the order of procedure shall be as follows:—

(a) The complainant shall exhibit the articles of charge to the Board or Committee, which shall be openly read.

(b) The medical practitioner concerned shall then be called upon to plead "guilty" or "not guilty" to each of them which plea shall forthwith be recorded with the articles of charge. If the medical practitioner refuses or without reasonable cause neglects to appear to answer the charge either personally or by pleader, he shall be taken to admit the truth of the articles of charge

(c) The complainant may then address the Board or Committee in explanation of the articles of charge and of the evidence by which they are proved.

(d) The oral and documentary evidence shall then be exhibited. The witnesses shall be examined by or on behalf of the complainant and may be cross-examined by or on behalf of the medical practitioner concerned. The complainant shall then be entitled to re-examine the witnesses on any point on which they have been cross-examined. No questions should be asked in re-examination on any new matter without leave of the Board. The Board or Committee may put such questions as they think fit.

(e) If, before the close of the case for the complainant, it shall appear necessary, the Board or Committee may, in their discretion allow the complainant to exhibit evidence not included in the list furnished to the medical practitioner concerned or may themselves call for new evidence, and in such case the medical practitioner shall be entitled to have, if he demands it, an adjournment of the proceedings for three clear days, before the exhibition of such new evidence, exclusive of the day of adjournment and of the day to which the proceedings are adjourned.

(f) When the case for the complainant is closed, the medical practitioner concerned shall be required to make his defence orally or in writing, as he shall prefer. If made in writing, it shall be openly read and a copy shall be given at the same time to the complainant.

(g) The evidence for the defence shall then be exhibited, and the witnesses examined, who shall be liable to cross-examination and re-examination and to examination by the Board or Committee in the same manner as the witnesses for the complainant

(h) The Board or Committee or some persons appointed by them shall take notes in English of all the oral evidence, which shall be read aloud to each witness by whom the same was given, and if necessary explained to him in the language in which it was given, and shall be recorded with the proceedings

(i) If the medical practitioner concerned makes only an oral defence and exhibits no evidence, the inquiry shall end with his defence. If he records a written defence or exhibits evidence, the complainant shall be entitled to a general oral reply on the whole case, and may also exhibit evidence, to contradict any evidence exhibited for the defence, in which case the medical practitioner concerned shall not be entitled to any adjournment of the proceedings, although such new evidence were not included in the list furnished to him

(j) When the Board or Committee shall be of opinion that the articles of charge, or any of them, are not drawn with sufficient clearness and precision, the Board or Committee may, in their discretion, require the same to be amended, and may thereupon, on the application of the complainant or the medical practitioner concerned, adjourn the inquiry for such time as they may consider reasonable. The Board or Committee may also, if they think fit, adjourn the inquiry from time to time, on the application of either the complainant or the medical practitioner concerned, on the ground of sickness or unavoidable absence of any witness or such other cause as they may consider reasonable. When such application is made and refused, the Board or Committee shall record the application and their reasons for refusing to comply with it

(xvii) (a) When there is no complainant, or no complainant appears, the proceedings shall begin by the Secretary reading to the Board the notice of inquiry addressed to the medical practitioner concerned and the articles of charge and stating the evidence by which the articles of charge are supported.

(b) The medical practitioner shall then be called upon to plead "guilty" or "not guilty". The further proceedings shall be conducted in substantial accordance with the procedure laid down in rule (xvi) above

(xviii) The Board or Committee may, at their discretion, hold the enquiry *in camera*.

(xix) (*a*) Upon the conclusion of the case, the Board or Committee will deliberate thereon in private, and at the conclusion of the deliberations the Board or Committee shall vote on the question whether the articles of charge are proved or not and whether they show that the medical practitioner concerned has been guilty of professional misconduct or not.

(*b*) If the Board or Committee by a majority find the medical practitioner guilty of professional misconduct, the President shall direct the Secretary not to register his name if he be an applicant for registration, or to erase his name altogether or for a specified period from the register of medical practitioners if he is already a registered practitioner, except in cases where the Board or Committee consider that in view of extenuating circumstances the practitioner may be let off with a warning.

(xx) When the registration of the name of any medical practitioner is refused or when the name of any registered medical practitioner is removed from the register in accordance with the provisions of the preceding rules, the Secretary shall forthwith send notice of such refusal or removal to the medical practitioner concerned, and such notice shall be sent by a registered letter addressed to his last known address. The Secretary shall also send forthwith intimation of any such refusal or removal to the body or bodies from whom the medical practitioner received his qualification or qualifications and shall request them not to admit him to any examination for any new qualification which is registrable in the register of registered practitioners without previous reference to the Board.
